DESCRIPTION

The new Hailey electric reclining chair with an adjustable winged headrest features a unique, enveloping design that provides a sense of security and optimal comfort—perfect for long nights or moments of relaxation.

This headrest, inspired by designs used in the aerospace industry, is crafted to deliver personalized comfort with its height-adjustable capability, allowing it to adapt to the specific needs of every parent.

Its foldable or collapsible winged sides provide additional support by keeping the head in a stable and ergonomic position. They prevent the head from tilting to the sides, making it especially useful during sleep or extended periods of rest.

FEATURES AND BENEFITS

- Compact size - perfect for limited space.
- Long, gentle rocking movement stimulating deep relaxation.
- Carefully cut, assembled and filled by hand by our expert craftsmen in our factory in Terrebonne, Quebec.
- Solid wooden structure, built with the traditional mortise and tenon assembly method.
- Swivel base in solid wood. Manual version swivel 360° and electric 180° (to avoid crossing electrical lines)
- Anti-sag spring coated with Teflon, ensuring quiet operation without squeaking.
- Aerospace-style winged headrest - Features foldable or collapsible sides to support the head in the desired position.
- Our cushions are filled with a quality polyester fiber that is lightweight and soft, non-absorbent and mildew resistant.
- The seat cushion is padded with high density foam.
- Grade A and B fabric covering, with "railroad" stitching seams.
- Smooth and quiet reclining mechanism; raising the footrest and lowering the backrest in both versions - manual and motorized.
- Manual version: The integrated footrest mechanism is activated using a handle accessible on the right side of the chair. And the backrest can be reclined by simple body pressure to improve the comfort level.
- Motorized option offers a push-button panel to control opening and closing, as well as a USB and USB-C charging port.
- Capacity to accommodate a weight of up to 350 lbs.
- Armrest lowered to allow breastfeeding/feeding of the baby.
- The backrest in the fully lowered position offers an optimal inclination of up to 130°; perfect for long sleeps and for baby feeding, thus reducing regurgitation and/or colic.
- Double side pockets, for accessories, baby bottles, wipes, etc...
- All parts of the chair as well as its packaging meet the highest Canadian and American standards (CPSIA, VOC, PFOS, PFOA, formaldehyde, heavy metals or phthalates and flammability).

Jaymar BB : **Pick-up directly from our showroom/factory in Terrebonne**
By appointment only by contacting customer service 1.888.529.6271 (ext. 2637)
Hatchback, SUV or truck suggested.

PRODUCTION

STRUCTURE

Our structures are carefully cut and assembled at our Canadian manufacture. We use the traditional mortise and tenon method of joining, which is then glued and braced to ensure unparalleled stability. Our approach involves careful selection of quality wood combining Baltic wood with solid wood, to create a product of exceptional strength.

MECHANISM

High-end, state-of-the-art Leggett & Platt mechanism and reclining motor. Offers a greater amplitude of opening and weight capacity up to 350 lb.

SEATING

We use specially designed hardened steel springs to prevent unwanted sagging. These springs are carefully installed with Teflon coated fasteners, ensuring quiet operation without annoying squealing. The springs are also installed in such a way as to create a domed effect which ensures superior comfort.

FILLING

Seat foam composed of 4" thick high density foam (density 2.05 lbs/ft³) and on top 1" of hybrid memory foam (density 3 lbs/ft³); plus 2" 1/2 thick back foam (density 1.75 lb/ft³) covered with dense synthetic fiber. A combination that offers unparalleled comfort and durability. Our upholstery doesn't stop at the seat. We also padded the outside of the back as well as the sides of the arms for a perfect finished product of exceptional strength.

WARRANTY

Limited lifetime warranty applicable to the wooden frame, springs, coils, straps and mechanism / **5 years** on foam and fiber-padded components / **3 years** on the reclining motor / **2 years** on the covering / **1 year** on electronic components, labor and fabrication. The warranty is respected depending on the availability of parts from the manufacturer. See all the details on the manufacturer's website.

Service requests and calls: For purchases through retail partners, customers will be directed, at all times, to the customer service of the stores. When applicable, a request will be made by your customer service via the manufacturer's SAV service portal. Jaymar Baby will act as a support for retailers when necessary. No service calls or warranty requests will be handled between the customer and the manufacturer.
